We stood amazed at the splendor of man's creation. Steel cables, symbol of man's genius, supporting untold weight as it stopped the waters of the mighty Colorado. Swishing, turbulent waters have been tamed in beautiful Lake Mead to flow peacefully, watering wondrous rainbow gardens, telling her stirring story, a treasure of civilization.

● **WATER—Through countless centuries parched, blistering earth of the desert crushed every living thing within its grasp. Grim, forbidding acres turned away all living creatures. What was needed to turn desolate country into thriving farmlands and cities? Water, gallons upon gallons of water, rivers of water, cool, fresh water could change the vastness into an empire of natural wealth. Man's fight for waterholes is as old as the world; western cattlemen battled to death for priceless water, and today California and other western states fight unto death for this precious life-giving liquid. The heroic southland stood waiting for man to touch that magic spark which would change the seared lands into green gardenlands. For centuries people stayed away, and then strong men came. Dam after dam washed down the canyon, yet man came back and conquered the mighty Colorado. Today one hundred cities of Southern California in all their tropical greenness, citrus groves, parks, riotous new subdivisions are thriving due to man's genius in controlling water.**

BELNAP PHOTO

● Bill Bell, Jim Burley, Jenny Johnson, Cynthia Kramer and Lou Herron visited the great Hoover Dam and stood dazed hour after hour
nt its power.

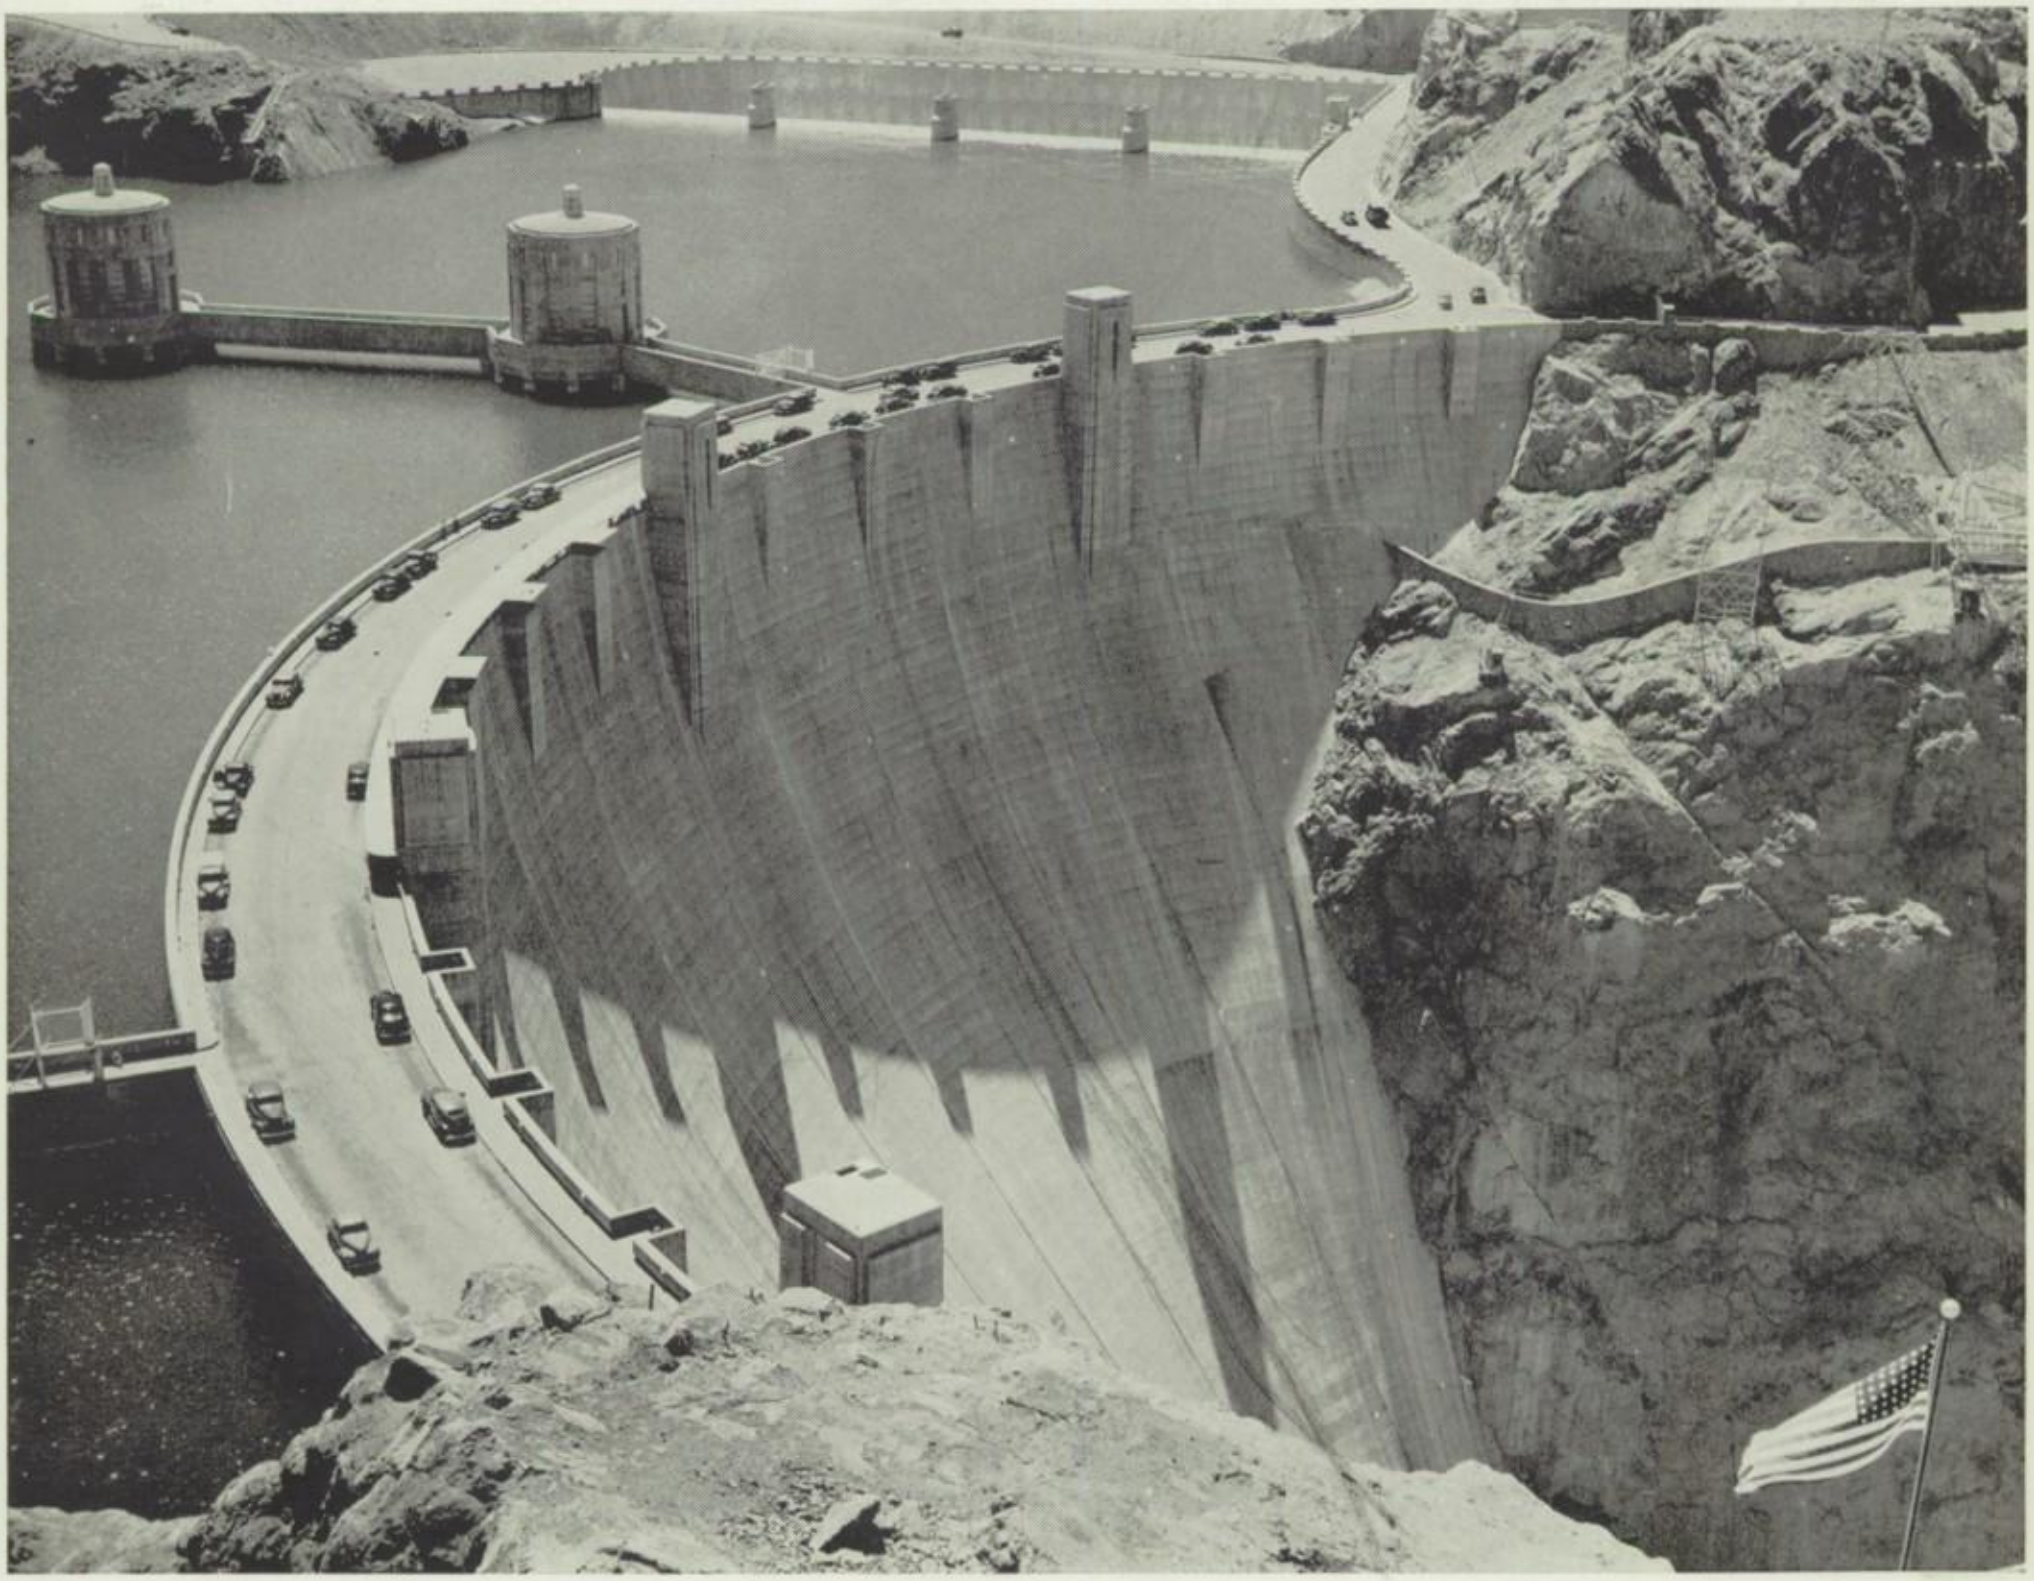
BELNAP PHOTO

And so it has been stilled and calmed from rampage to render service toward man's yield.

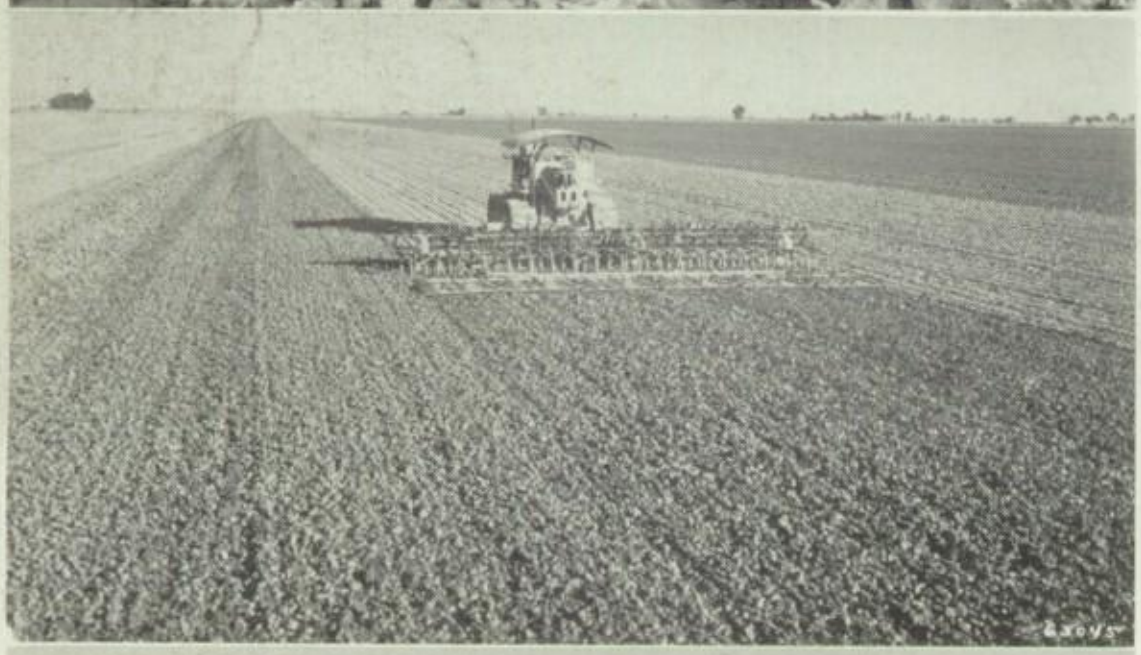
DEDICATION

Campanile is glad to dedicate this twenty-fourth volume to the men of iron, the men of vision, the men of indomitable courage, who bucked heat, terrific heat, man killing heat, to wrest blistered lands from the frowning desert. To the humble hunters and trappers and Spanish explorers and Kit Carsons, heroic women, engineering giants we dedicate this book.

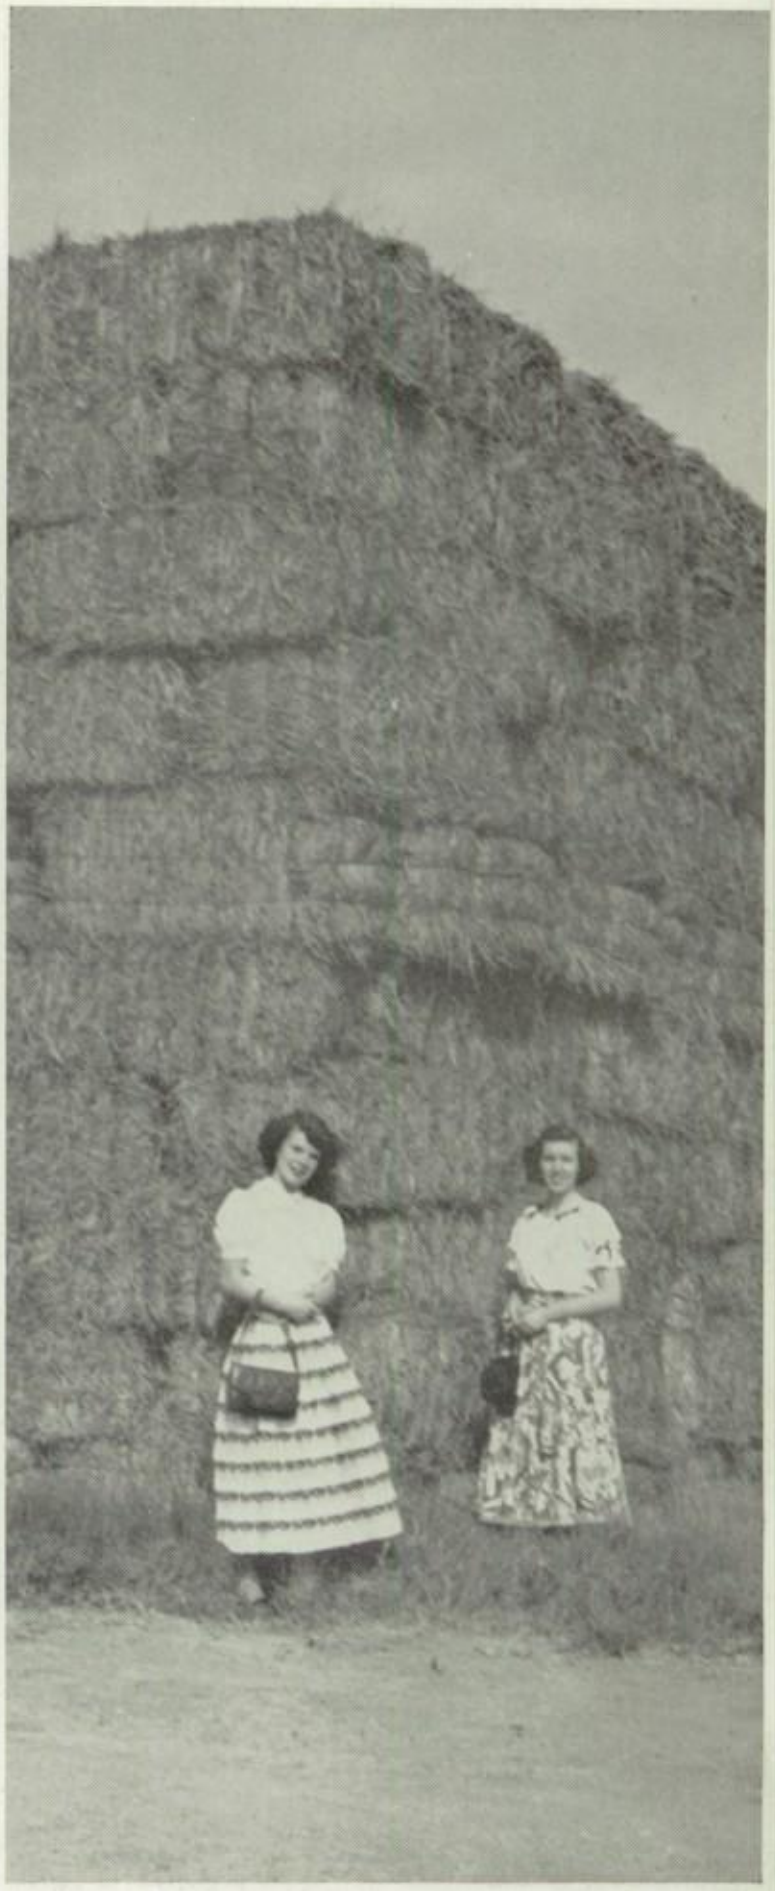
BELNAP PHOTO



● Away we went! Eddie Mee, Mary Lou Cole, Bob Matthews and Sally Smoot drove with Mr. Sterzing of Imperial through a paradise of growing crops in Imperial Valley .



El Centro Chamber of Commerce



A salad bowl of crops growing in a desert paradise.

Thriving agriculture is carried on where once only sand and tumbleweed drifted along. Now the bluetips of flax, the huge alfalfa trucks, the trainloads of cantalopes are pouring out of the valley as evidence of the conquering of the desert. This is the living story of Barbara Worth.

HARRISON PHOTO

● ALL AMERICAN CANAL—Here it is! The All American Canal, silently, quietly, mysteriously pouring out the life blood of the great Imperial Valley. This canal may be nothing more than a big ditch of water to the casual passerby. Those who built it and who use it know the magic of this water in the big ditch. They know this water had been tapped from the Colorado River and directed into hot, parched blistering earth of Imperial Valley to transform it into one of the World's most fertile valleys. This waste land had waited hundred of years for that divine spark. Deep in January there were endless miles of lettuce, carrots, sugerbeets, dates, citrus groves, alfalfa and hemp. This same water story is repeated many times in So. California.

Do we ever think of the

Us.

Through the genius and
Indomitable will of man
He has built the huge

● Get the picture! Green acres and more green acres of deep, rich, green fields stretching on as far as the eye can see. Knee-deep, waist-deep, acres of a gent'y waving sea of luxuriant grasses where vast herds of sleek cattle, white faced cattle graze to be fattened and shipped out by carloads to other parts of the country.

● In the sweet fragrance of blossoming cherry trees in Banning, Shirley Knerr, Ann Bakken, Harriet Schuck, Barbara Grubb, Clotil Parmelee, Rusty Uhls, Ted Mohler and Bob Kulp reveled all day through the rows of swaying cherry blossoms.

Springtime in all her glory!

● Springtime in all her glory! The air is fragrant. Each gentle breeze brings a drifting snow of blossoms from the billowy cherry trees. Shower after shower of petals falls upon us as we wander all day among the trees. From the rushing turbulence of the Colorado River to the peaceful quiet of a mountain rimmed valley is a long journey, but sparkling water is traveling every second to make the fertile soil bright with blossoms and promise for the future.

VESSEY PHOTO, LONG BEACH WATER DEPARTMENT

eternal struggle for water goes on in long beach! 40,000,000 gallons are used daily

● WATER—The eternal struggle for water goes on in Long Beach! 20,000,000 gallons of water are pumped from LongBeach wells daily! 20,000,000 gallons flow from the Colorado River daily! Yet there is a water shortage in Long Beach and in every other Southland city. More than 70,000 hydrants turn on daily in Long Beach, a casual, daily, routine procedure. Daily newspaper headlines urge housewifes to save water. So run the headlines: One city plans to buy more water; Students are told to save water; California takes her water problem to the Supreme Court; United States Senate votes on the Colorado River problem. Momentous demands come from every city in So. California.

● Long Beach's vast million-dollar raw water treatment plant nears completion as 12,000 000 gallon tank basin is filled with water from 28 Long Beach wells. The water treatment plant now being built will deliver treated water daily to Long Beach homes, business, industry, and parks. With the increase in industry and population in the Long Beach area, it is a must that Long Beach have an endless supply of water.

mr. vessey and mr. jones from the city government, explained the whole water purifying process

● A feeling of security and pride thrilled Steve Richardson, Shirley Robinson, Marilyn Lockyer, Betty Jo Hoeven, Ronnie Howarth, Barbara Harrison, Cynthia Kramer and Nancy Crowther as Mr. Vessey, and Mr. Jones of the City Water Department explained the whole purifying process of the new million-dollar water plant.

● **THESE PAGES give a glimpse of the life-giving properties and the tremendous power of one of nature's resources that we too commonly take for granted—WATER. Man's ingenuity and resourcefulness in converting a desert area into a luxuriant, rich, refreshing garden spot is but one example of our ability to do things with the help of science and technical knowledge. It is my hope that members of the 1950 class will leave Wilson well qualified to either fill positions that render service to our community or to continue their education so that they will be better prepared to take places of leadership to cope with the social and scientific problems still unsolved.**

• STUDENT GOVERNMENT—A development of Student Government through the constitution adopted two years ago has made favorable advances. Alert officers have run down various offenses which have tended to weaken student control. In competition with other league schools, Campus Clean Up contest was carried out. Following major offenses, spring semester officers, on their own initiative, passed a ruling closing activity period for one week. Measures were passed by the Legislature which interpreted duties of each branch to other government segments.

● REGISTRATION—In the new enrollment system which will lessen the effort and waste motion of registration day, Wilson students are sharing with other high schools a new plan. At mid-semester temporary programs are discussed. After talking with various teachers and obtaining ok's for special classes, students make out temporary programs. At a later date students enroll during school hours so that classes can be held as usual on the first day of the semester. The new system combines many advantages of former systems for greater efficiency.

• NEW GYM—Four new basketball courts, two new pools, a court that will accommodate badminton, volleyball, paddle tennis, shuffleboard, these are some of the highlights in the new $600,000 gym. A handsome new social room, room for heart cases, orthopedic room, and an enormous sundeck are some of the interesting features. A dance studio, with a mirrored wall and a portable automatic broadcasting system will be placed in the girls' gym. About 1200 seats will be installed around the boys' basketball court, and the natatorium will seat 340 spectators. Students and Wilson fans have watched as 80 to 100 workers with derricks have swung sections of mammouth gym in place.

● P.T.A.— Raising money for camperships, scholarships, and student loan funds has been one of the principal activities of the P.T.A. under the capable leadership of Mrs. Kent Hanbery. Through the purchase of two life memberships in the California Congress of Parents and Teachers, money is made available for students wishing to advance their education. The group has given assistance to the Dental Clinic, Tichenor Clinic, and the Cancer Drive. Funds for these activities have been raised through a dessert card party, fall fashion show, and a rummage sale. In the year's theme, "Our Golden Opportunity," membership surged over the eleven hundred mark.

● ON THE JOB TRAINING—Following modern trends of the time, 520 seniors took part in the "On the Job Training" program of the required course, Economic Problems. Each senior was given an interview with an outstanding leader in the vocational field of the student's special interest. Every student gave an oral report to his class, which was followed by questions and discussion. From these discussions the classes received first-hand information about other vocational interests besides their own. Classes profited by learning the actual requirements, conditions, and rewards of the various occupations. This stimulating program was organized through the untiring efforts of Carl G. Lindgren and John C. Glover, Economic Problems teachers.

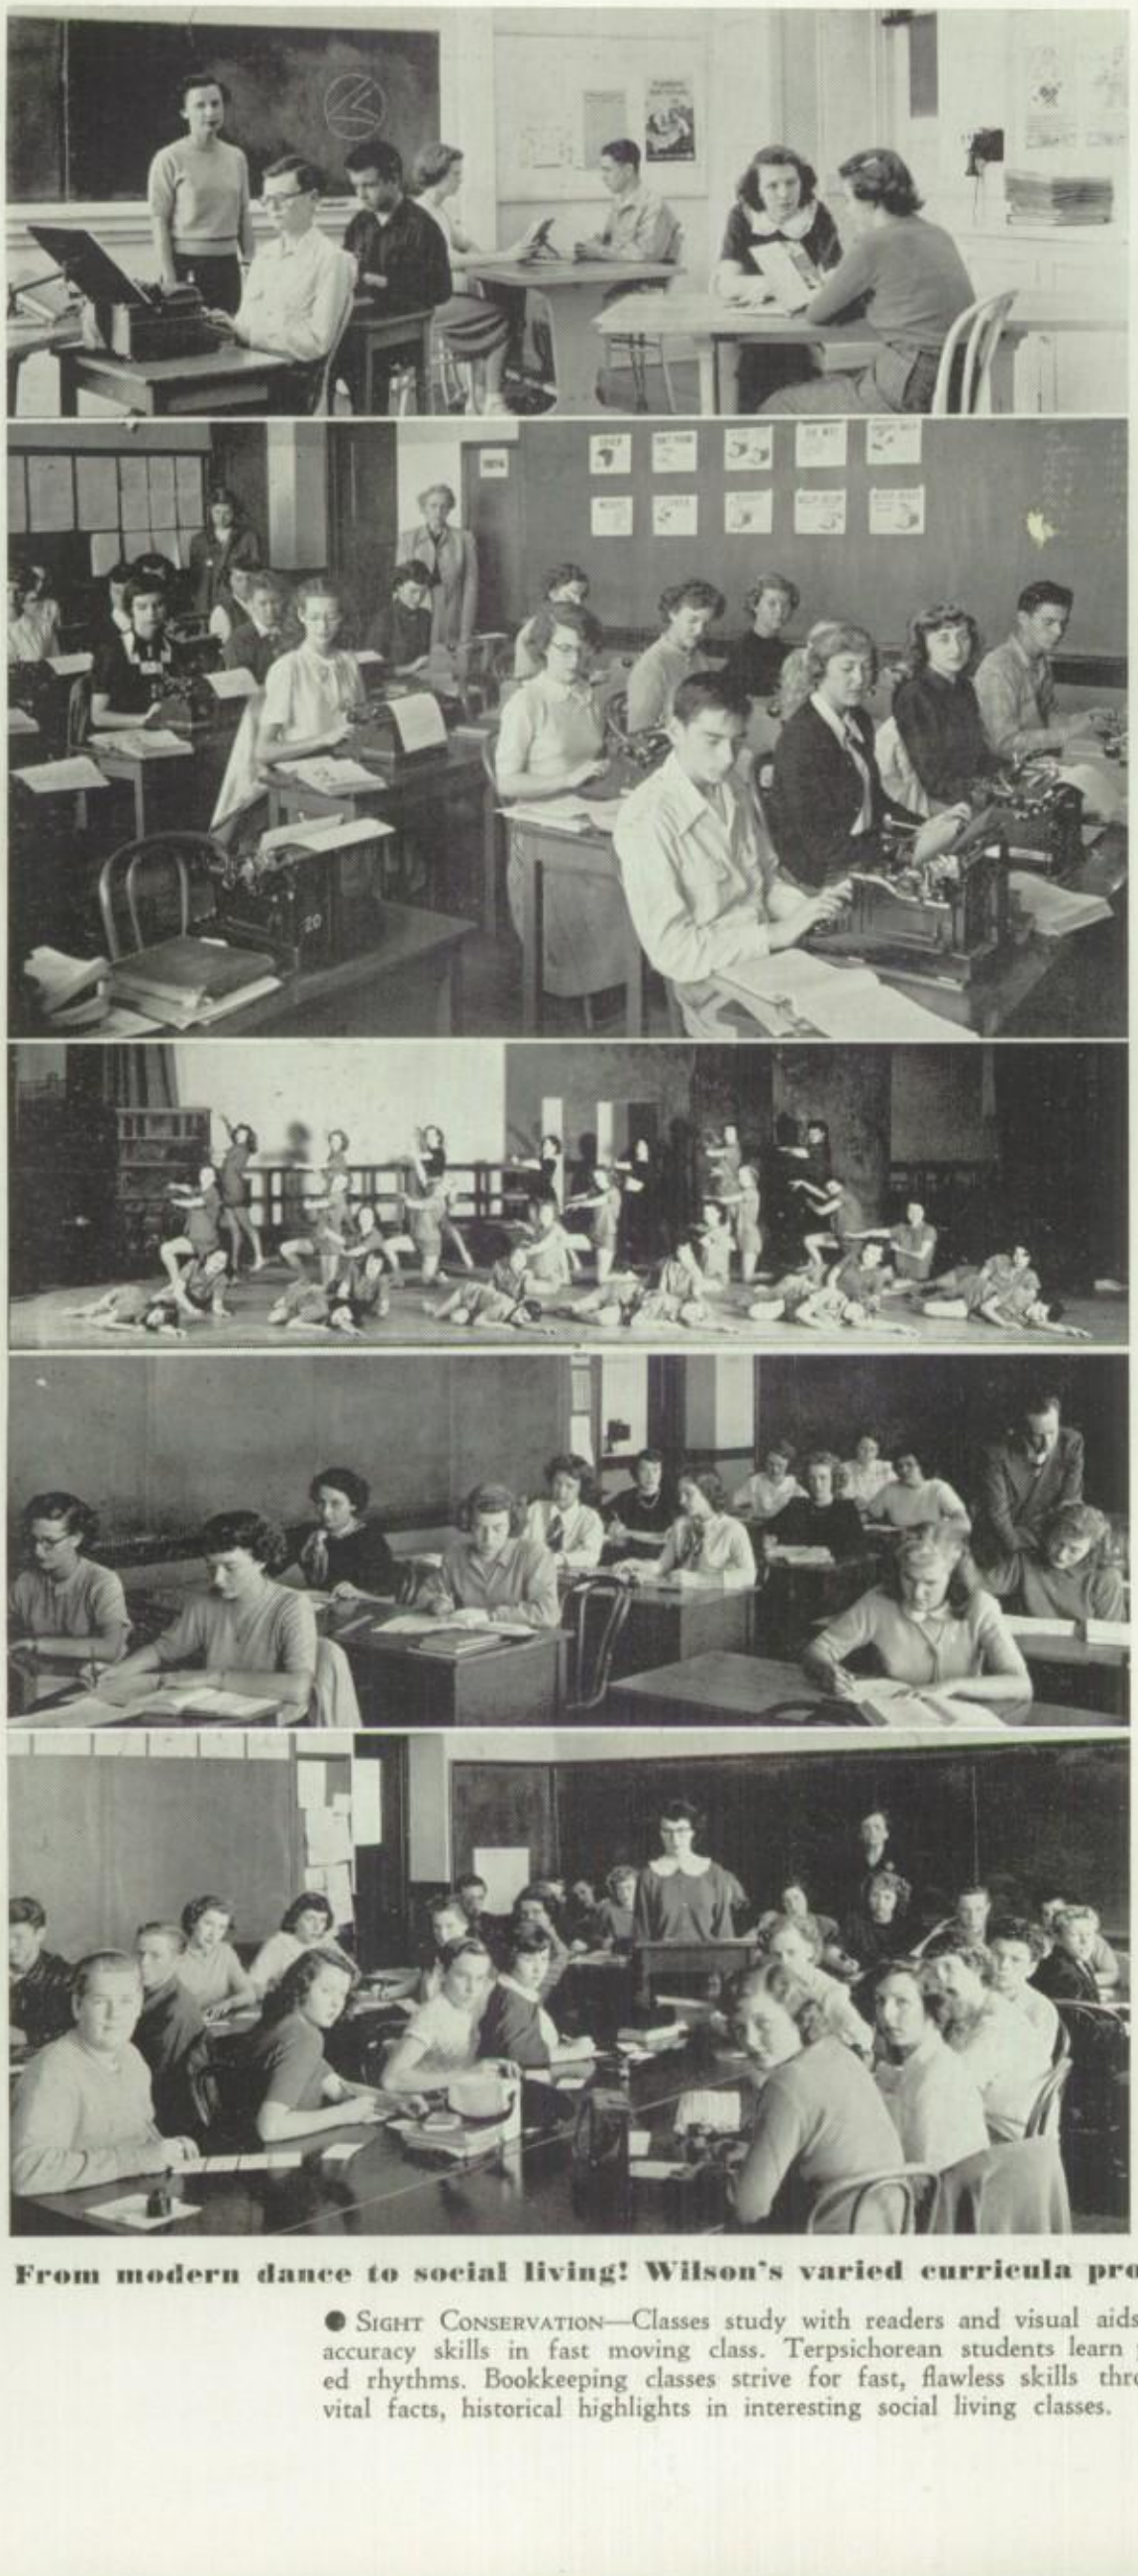
wilson shares honors in new school radio station

Progressive education has taken a step forward with the opening of KLON, an FM radio station, to be used by all the city schools. This offers an outlet for student ambition and talent with the preparation and presentation of actual broadcasts, and gives the city of Long Beach an opportunity to find out what the schools are doing.

● Spirited trio sings for approving audiences. New electric ranges, pride and joy of Wilson's chefs. Future homemakers brief charts for textures, materials, colors. Seven basic foods, tempting dishes taught cooking students.

A little 'United Nations' took form at Wilson with a brotherhood of man theme, when students turned in 5000 articles of clothing for the needy in Europe. Mr. Broesamle's section brought 800 pieces. This spirit was reinforced when Poly, Jordon, City College, and Wilson were hosts to foreign born students at a reception in Wilson library. Austrian teachers were present.



● Doctor Wilson Yandell '40, combines forces with students combat smallpox.

From modern dance to social living! Wilson's varied curricula provide wide subject range for students

● Sight Conservation—Classes study with readers and visual aids. Aspiring typists display touch system, speed and accuracy skills in fast moving class. Terpsichorean students learn poise, grace as they dance their way through advanced rhythms. Bookkeeping classes strive for fast, flawless skills through daily practice. Sophomores learn to organize vital facts, historical highlights in interesting social living classes.

● Gay nineties quartet in regalia sing old tunes.

wilson's varied curricula mold future leaders; teaming with activity classes are filled with eager students.

● Mrs McBurnie's—Geometry classes study all of the intricate, difficult problems that face young math enthusiasts. Booming Drum Corps stirs Wilson students and brings pep to thrilling new heights. Wilson aviation shop, one of best in California trains top flight mechanics for positions in the aircraft industry. Public speakers bring close contact between local organizations and high school young people.

Third row: Trauger, Cantwell, Hawkins, Miller, Thomas, Burley, Empey, Celano, Howarth, Thompson, Froid, Marley, Burchfiel, Cassady, Blicha, Jones.

• GOVERNMENT—A program designed to test the initiative of student government officials was carried out by skilled legislators, judges, and executives. Governors handled registration for homecoming day, arranged for a P.T.A. Awards' Banquet, and led the student body in democratic legislation. Headed by student Presidents, Bill Bell and Eddie Mee, commissioners and legislature were entirely reorganized. A government day assembly highlighted public appearance of politicians and justices for the fall semester, and a clean-up was held in spring. Supreme and student courts functioned as national ones.

• LEGISLATURE—This democratic governing body approved a bill that sent 54 secret ballot boxes to the different sections of the school for one of the most enthusiastic elections in its history. This voting plan, duplicate of our National plan, was proposed by Junior Statesmen. They approved commissioners, judges and passed laws enforcing citations.

• STUDENT COURT—Front row: Robinson, Johnson. Second row: Hines, Tripeny. Third row: Stallings, Camden. Fourth row: Knowles, Schiffman. Back row: Mr. Wentzel, Nussbaumer, Kite, Taylor, Southgate, Helus. Judge, Helus; Attorney, Taylor.

● Baby Bruin comes to visit Aunt Ruth on Homecoming Day.

● GIRLS' LEAGUE—Girls! Girls! Girls! Through Girls' League activities every girl in school has the opportunity to make new friends and to provide an outlet for her varied talents. The guiding hands behind the banner year belonged to new sponsors, Miss Ruth Pitchford, Vice-Principal, and Miss Alice Green, Girls' Counselor. Outstanding events of the year were New Girls' Party, home made Christmas candy for faculty, joint meetings with Torrance and Poly, and public installation of officers. The main thought behind Girls' League activities is that they are by and for every girl in school.

light of peace to mankind is bestowed upon us as God lifts hand of mary

men behind scenes work miracles with lights in realistic productions

• PAGEANT—Stirringly beautiful, the twenty-fourth annual Christmas Pageant was presented to the Wilson student body. For a while the worries of the world were forgotten as the audience was filled with reverence at the sight of the Madonna and the unfolding of the Christmas Story. Set in Merrie England in the days of royal courts, happy dancers gaily performed for the Christ Child. Vivid court regalia, gorgeous lighting brought a new Christmas theme to reality. Directors in charge were Mr. Moon, co-ordination; Mr. Ellithorpe, choral music; Mr. Furjanick, orchestra; Miss Reagan, dance; Miss Burdick, stage sets; Mrs. Unruh, costumes and make-up; Mr. Edwards, stage technician; Mr. Cox, ushers; and Mr. Morrison, programs.

• ALL SCHOOL PLAY—"You Can't Take It With You," roaring comedy . . . is the family's philosophy and theme of the play. The living room of the unconventional Sycamores is a haven for hobbies. Grandpa presides over the household, collects snakes, and goes to Columbia commencement exercises for amusement. Making firecrackers, playing the xylophone, and taking ballet dancing are a few of the activities the talented family members indulge in. A brilliant cast heads the play . . . John Orr, Janet Rosenberg, Jenny Johnson, Gil Goodwin . . . and paced by top-notch directors . . . played before two packed houses . . . spurred to riotous laughter.

• DIRECTORS—Moon, Burdick, Unruh, Edwards, Furjanick, Morrison, Hennes, Larsen, Cox

● Stage Crew Boys, Girls—Russell, Wolfe, Wilson, Harvey, Stickney, Martin, Townsend.

● Stage Crew Boys—Cochran, Lore, Tate, Stephenson, Britton, Hartzell.

● STAGE CREW—The Stage Crew designs and paints the sets, scales models and provides the lighting effects for Wilson's great stage productions. Their work gives the atmosphere and moods of productions. They are the backstage part of school productions. The stage productions have made Wilson famous.

● STAGE COSTUME—Designing and creating beautiful costumes for Wilson's galaxy of stage productions is the intriguing work of the Stage Costume Class under the direction of Mrs. Unruh. The costume and make-up crews spend long hours learning the art of make-up and design of costumes for major productions.

red and gold band, marching in flawless precision, parade past thousands at armistice day and christmas reviews

• BAND—Bringing to Wilson again for unnumbered years the highest of awards, the Furjanick Bandsters, sixty strong, maintained the reputation of winning performances. In flaming red and gold outfits they marched in the Christmas, Armistice, and Memorial Parades, they played for the football games, P.T.A. Milk Fund Game, and were one of the twenty guest high school bands at the Oregon-USC Game. In the annual music festival they won high honors. A pep band reinforced the band at many peppy occasions. Wilson shared host duties with Poly for the second annual invitational Band meet on the Wilson campus. Some eight bands competed with solos, duets, trios, ensembles, and a variety of small groups.

● ORCHESTRA—Sixty artist musicians under the baton of Nicholas Furjanick presented a well-balanced program throughout the year. Mr. Furjanick trained by masters in musical centers of Europe and a former concert violinist in his own right, has made the Wilson organization second to none in Southland circles. Featured events were the school play, graduation, and concerts with high schools.

● A CAPPELLA—Presenting brilliant programs throughout So. California, the choral groups of Wilson shared many laurels in their most successful year in choral singing. Under the inspired leadership of Mr. Ellithorpe, their objective, learning and appreciating good music, voice training, team work, public appearances for school and city, are lived and enjoyed by all who share them. A main feature in many school assemblies, June Vespers, and graduation, the Glee Clubs are favorite with student audiences. Featured

● CHEMISTRY TEAM—Challenged by an enviable record of outstanding honors, the Chemistry Team of 1950 composed of Richard Robertson, Edward Hinz, Don Anderson, and Stanley Morrish, will try to add more honors to this already impressive record at press time. The brilliant 1949 team won scholarships to top institutions throughout the nation: Terry Thomas, Cal Tech; Bob Patty, Harvard; David Hill Stanford; Dirk Van Peenen, Princeton. Don Crosby of the 1946 team has been granted a teaching fellowship at Cal Tech in the coming year.

la fuente thrills students with stories, creative writing brings new life to magazine

● LA FUENTE—Hoping to again capture the coveted All-American, the 1950 *La Fuente* contained a wide variety of original, creative writing including eleven stories, seventeen essays, seventeen poems, reviews and editorials. Countless hours were spent by an eager staff correcting, rewriting, and editing the book, which appeared in December after a year's absence. The smart, modern cover design in soft tones of red and gold, depicted photographs of the staff.

● SCRIPTERS—Scripters, Wilson's honorary writing club, has as its aim the promotion of interest in all types of creative writing. Among other activities, Scripters edited *La Fuente,* the all-school magazine, in December.

news highlights gathered by eager reporters

loudspeaker heads for top awards this year

● LOUDSPEAKER— Stampedes for the papers on Loudspeaker Day indicate its vital part in school life. A staff of thirty-five ambitious reporters scour every corner of the campus bringing all the news to the 1800 students. Sally's Sallies, Letters to the Editor, Static, Dick's Dope, entertaining comic strips and bristling news make the Loudspeaker an *All-American*. Top honors awards received for *All-American* contests line the *Loudspeaker* wall. Stimulated by the honors through the long period of years these vigilant men of the press have an uncanny ability to pick out those news items in a fashion similiar to Metropolitan Daily. The annual banquet and convention are added incentives to spur the staff.

● Gala Campanile Christmas party features hundreds of tasty relishes and tantilizing foods

● PRINTING—High standards were again maintained in this department during the past year, turning out such All-American projects as the Campanile and the Loudspeaker. Directories, posters, tickets, programs, and office forms were also included in the year's work giving printing students the actual experience of working on "live jobs" such as are found in commercial shops. These are the results of students using the latest type faces and modern printing equipment. Outstanding students in the Wilson printing department the past year were: Larry Ellis, Jackson Collier, Frank Followell, Kenneth Kennish, John Anderson, Douglas Skare, Don Rafferty, Dick McDonald, Brent Nadault, and Gary Rohlfs. Max Morrison is the printing instructor.

twenty-fourth campanile mirrors banner year

• CAMPANILE—The thrills and satisfaction that come with recording in written pictorial history a banner year, has been the work and joy of the twenty-fourth year book staff. In a continuous panorama they have pictured growth in student government, enlarged scholarship list, shrewd chemistry team, improved guidance program, 25 year celebration, All American Loudspeaker and Campanile, happy school dances, talent shows, fiery rallies, sacred pageant, brilliant play, So. Cal. Orchestra and Band awards, spirited a Cappella concert and dazzling sports' year headed by city, league and So. Cal. honors in B football, track, baseball and golf. To carry the momentous theme, Water for So. California, student leaders went to significant areas and saw first hand a few magic spots that turn desert into garden lands, Hoover Dam, Imperial Valley, cherry orchards at Banning and water resevoirs in Long Beach. The staff has carried forward the usual complicated program of publishing a good book.

• PROJECTION CREW—Visual education which had a great up surge in the recent war is a practical method of learning over the Wilson campus. For 15 years Wilson, through this new medium has brought to the campus through the Board of Education, unlimited service in our class rooms of Audio-Visual Aids. The Projection Crew provides teachers and students the very best possible service in the class rooms. One of their most important activities was re-organization, with a regular class in Audio-Visual Work.

Thanks Miss Blackwood

Thanks, Miss Blackwood, for 24 years of loyal, high caliber leadership at Wilson. Thousands of young people have been inspired by your great humanity; your love of the brotherhood of man; your great devotion of Fair France; your heart warming visits to warridden countries; your hundred, hundred boxes to warm destitute families. You have set an example of unselfish service unmatched in this city.

● Pedigreed French—Portlock, Murphy, Leaverton, Zahl.

• FRENCH CLUB—War or no war, the French Club still continues to help destitute families of France. They are considered the great humane club at Wilson because of their efforts in assisting the ravaged European continent. Miss Blackwood and her club sent 25 boxes of food and clothing and over $100 in financial aid abroad. Since the need is now less in France, the French Club is sending help to fewer families. They still help three Paris families, a sick widow with a delicate daughter, a mother with six sons, a needy family of three girls and have started to help a fourteen year old girl near Nimes, France.

• Booster Installation—Kirkpatrick, Lockyer, McCown, Beavis, Smathers, Williams, Clayton, Carr, Miss Mohn.

● FORESTRY—To create an active interest in and acquaint members with the aims and conditions of the United States Forestry Service is the purpose of the Forestry Club. It conditions them for future work with the service through training with movies and actual experience whenever possible. Each member is ready to act as a relief forester in event of a large fire or an epidemic of pests. This year's program consisted of interesting and educational movies on the forests of the United States and many valuable field trips.

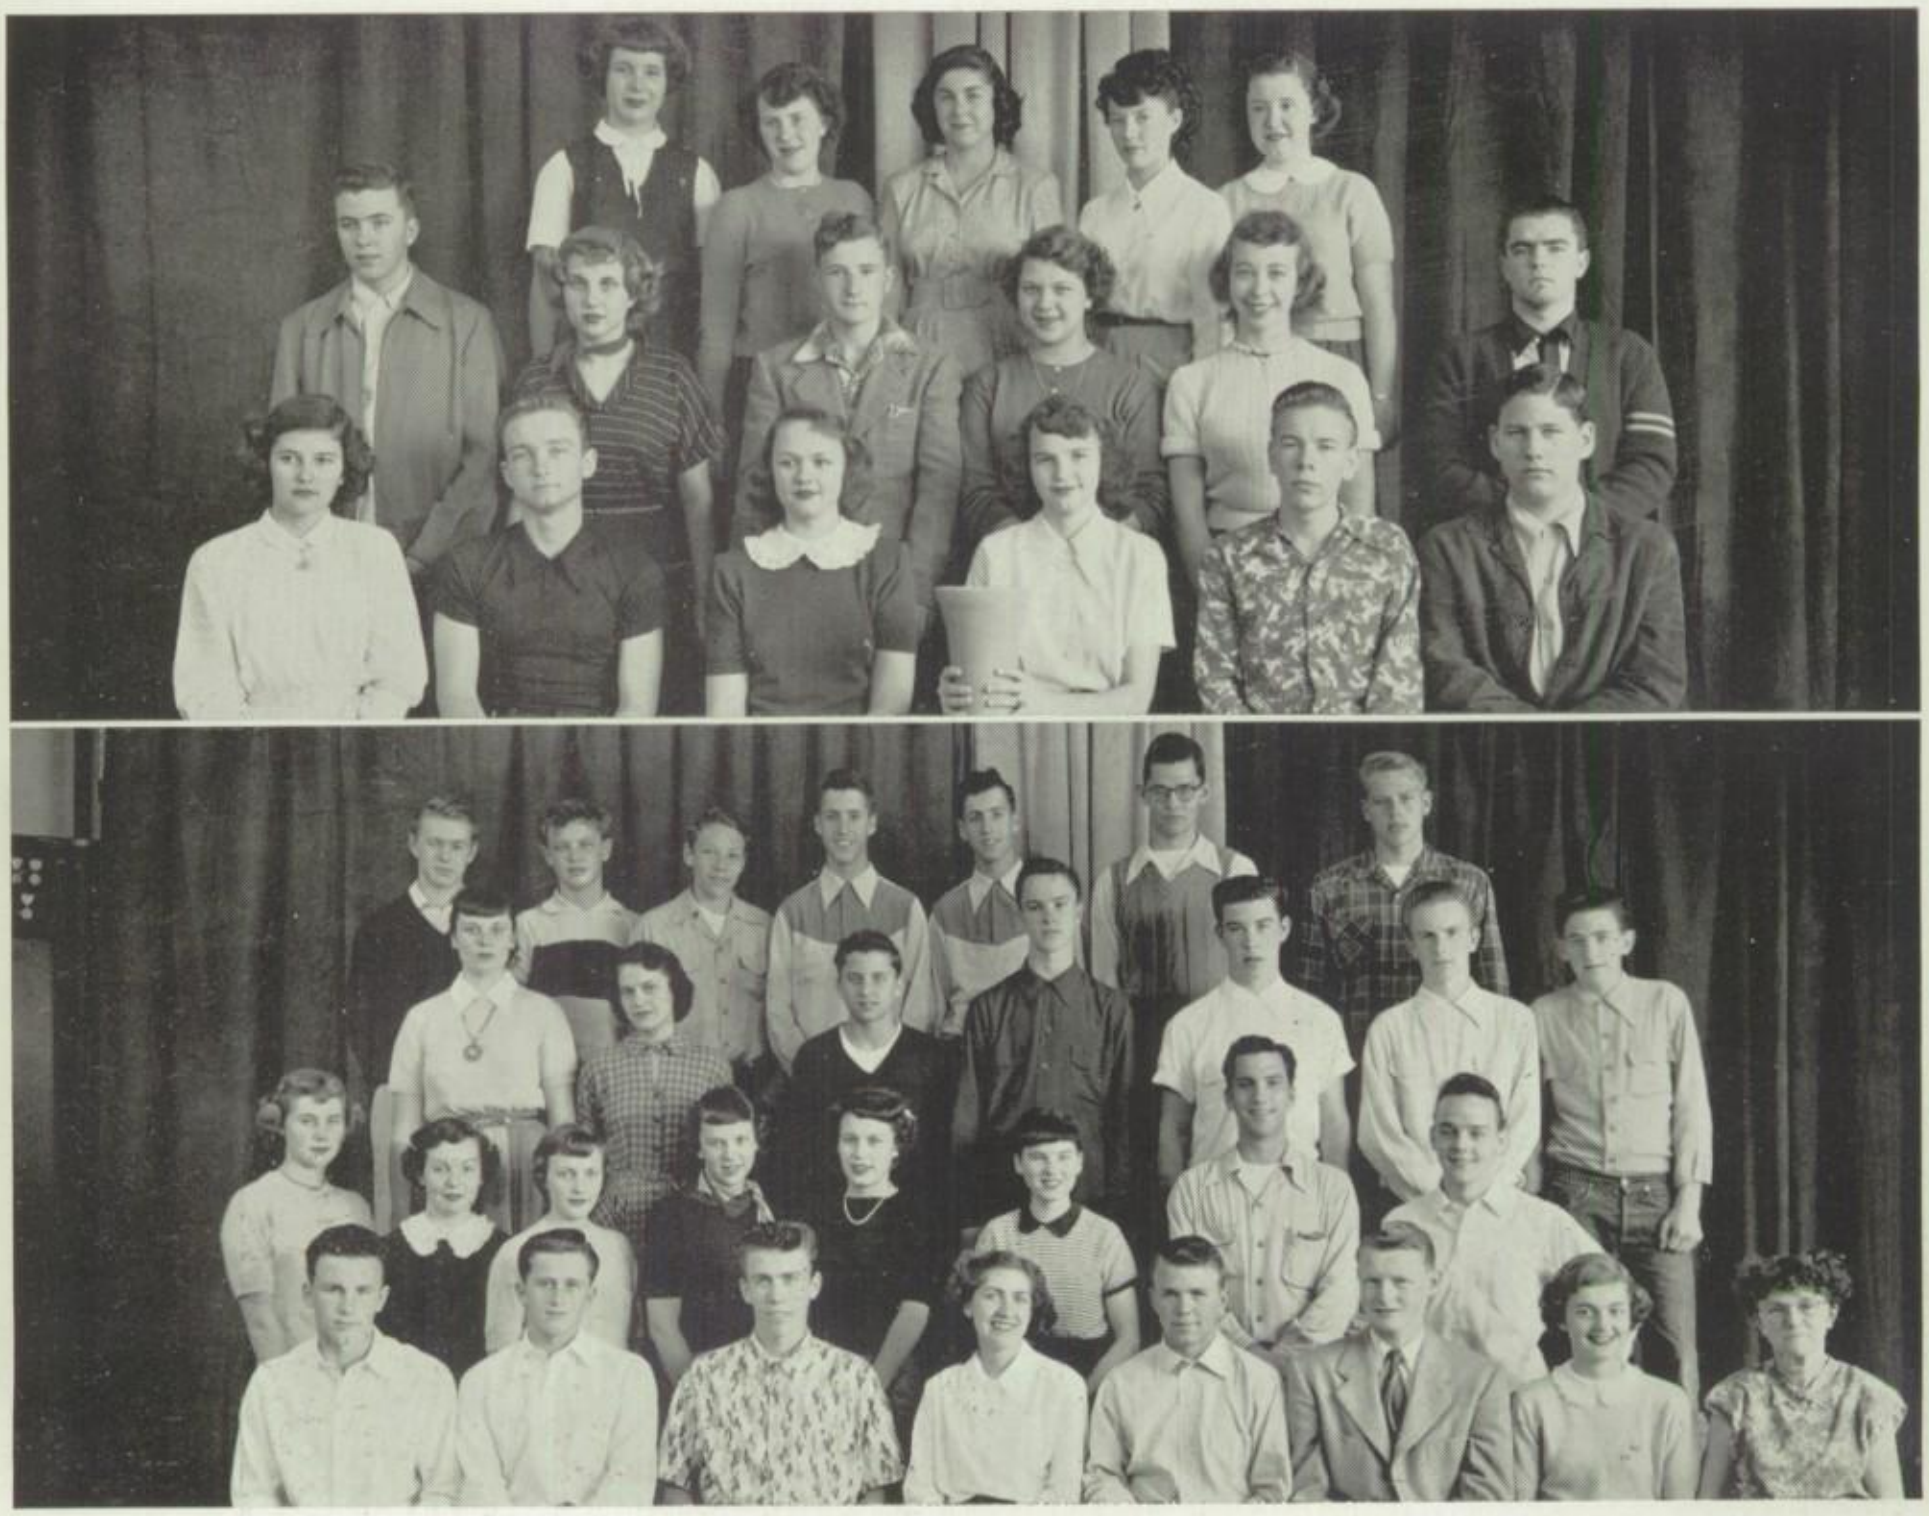
● EL ROJORO—The Spanish Club aims to promote friendship between the United States and Latin American countries and to give us an appreciation of their cultures. The club promotes and stimulates interest in the customs, the language, and the social life of all Spanish speaking peoples. Trips have been taken to Olvera Street, Capistrano Mission, and colorful Padua Hills Theater. A Pan American Day Program was held at the beginning of the semester. Lectures were enjoyed by Spaniards and Americans on Goya Murello, Velasquez, El Greco, and on customs of Latin American countries.

● Spanish Color—Goodman, Siders, Vasquez, Heintz, Oda.



• LATIN—Magnificent Old Rome and her ancient glory are the inspiration of the Latin Club. To understand the Latin language, mother of modern languages, to show its force in the educational and business world of today, and to acquaint the members with the life and customs of the ancient Romans are the far reaching aims of this classical club. Field trips, movies, parties, and Care packages have kept the S.P.Q.R. at a high pitch.

• GERMAN—Large numbers of college bound students, pre-science majors who plan a life in a modern scientific world make up the membership of the German Club of Wilson. Since the great scientific experiments are largely in the German language, budding scientists delve into the language with a sincerity, despite what war mongers have done.

• LATIN—Front row: Sturdevant, Tate, Queen, Reynolds, Gill, Peterson. Second row: Gillingham, Rowland, R., Barr, Jones, Werner, Hyer. Third row: Ramseyer, Stone, Grafman, Rowland, P., Clark. Pres., Reynolds, Tate; V.P., Gill, Barr; Sec., Queen; Treas., Tate, Sturdevant; Sponsor, Miss Johnson.

Third row: Poulsen, Chestnut, Harty, Leahy, Pruett, Richardson, Jones. Fourth row: Dobbs, Ashley, Krause, Bauter, Bauter Eckman, Burchfiel.

latin, inspiration for club fun, activities

fun plus finesse accented by dance artist

• DANCE—Fun! Loads of fun! The foyer of the auditorium is bubbling with fun! Wilson students have been given the wonderful opportunity of learning social dance steps. Social dancing gives hours of rhythm, grace, and joy to students in this dancing class. The aim of this class is to teach beginners the fundamentals of Fox-Trot, Tango, Rumba, Waltz, and Samba. Instruction is also given in the currently popular dances, such as the Mombo, Side Lamdba Nu, and the ever popular Charleston. Not only do the students learn dancing but they also practice good form in physical and social deportment.

• DANCE—Front row: Williams, Celano, Cochran, Scanlan, Schmidt, Hartzell, Miller, Parker. Second row: Bruce, Tate, Reynolds, Wachman, Nuckols, Rowland, Crow, Ramseyer, Therieau, Wells, Van Klaveren. booming clothing drive reaches 5000

• WORLD—Sweeping to new heights in International cooperation, the World Club staged an old clothes' drive which netted over 5000 pieces in the whirlwind affair that surpassed anything at Wilson. Broesamle's sophomores reached the 800 mark. A gala reception for foreign students with city clubs as hosts was held in Wilson library.

• F.B.L.A.—Wilson welcomed a new organization on the campus this year, the Future Business Leaders of America. The club's foremost aim is to give students a greater knowledge of their future vocations through field trips, and by having business men come to classrooms. On field trips to the Bank of America, Municipal Court, and Long Beach Credit Association, F.B.L.A. found and investigated new points of interest.

• World—Front row: Kite, Barr, Tarre, Van Klaveren. Second row: Bruce, Woods, Witt, Goodman, Mr. Robinson, Benadik, Bixby, Eaton. ● HI-TRI—To build fellowship of girls devoted to the task of realizing in our common life those ideals of personal and social living we find necessary for happiness. These ideals are carried out by mingling with other girls in sparkling far flung programs. They give baskets of food to the needy, adopt over seas refugees, do service for the school, plan style shows and breathtaking installations. They hold potluck dinners, banquets and carol sessions at Christmas. After a dinner in Chinatown, they reveled in the Olvera Street Shops.

● JR. STATESMEN—Front row: Boies, Engel, Stiles, Camden, Kirkpatrick, B., Burley, Schuck, Orr, McCown, Allen, Leahy, Kirkpatrick, R. Second row: Douglass, Noble, Garverick, Maitland, Scherzinger, Anthony, Christensen, Burton, Wilson, O'Morrow, Thompsen, Block, Allen, Page. statesmen send 20 to sacramento meet

secret ballot inaugurated by statesmen

• JR. STATESMEN—Ballot boxes! Fifty-seven of them! Thus the great American heritage of freedom to choose our own leaders through the secret ballot was brought to Wilson. This right, trampled down in many parts of the world, is being jealously upheld. These active, forceful guardians of student government are builders of dynamic leadership. Jr. Statesmen play an important part in Wilson's life through their aim to build better citizens for the future. A project of major importance was the revision and amendment of the school constitution to bring more complete and efficient student government. As a chapter of the national organization, Jr. Statesmen of America, the Wilson group has treked long distances to attend state and regional conventions. The spring convention at Sacramento drew twenty delegates from Wilson who exchanged enthusiastic ideas.

• Jr Statesmen—Camden, Mr. Glover, Hinz, Anderson, Sullivan.

● RECREATION—A young democracy in the making is building up and learning the skills of great national government. This is the Recreation Club in Room 123 during lunch and activity periods, where scores of enthusiasts are playing badminton, ping pong, tennis, chess, checkers, straw, and dominoes. Learning to play together, to work together, and to cooperate is the very essence of democracy. This club completely planned by the students is a fine example of democracy in the class room.

● RECREATION (A-K)—Front row: Collier, Heinz, Herbert, Hickok, Burton, Anthony, Helms, Garner, Klotzly, Diemer. Second row: Glass, Hensley, Miss Hansen, Coleman, Fine Kellogg, Frazzini, Ford, Bauter, Foley, Giroux. library assistants have all the answers

• LIBRARY ASSISTANTS—May we help you? What is your question? From cave man to the present best seller, your library students are eager to serve. Has California a minority problem? Where is a biography on Albert Einstein? Who was Nero? What ever your question, your problem will be answered; the library crew is on hand to help.

• THESPIANS—To advance the dramatic standards in secondary schools and present better plays, which challenge the best efforts of the participating students, is the aim of the National Thespian group. They sponsored plays, trained student directors, heard Dr. Butler of U.S.C., saw Pasadena play, gave Beaux Arts Ball, masquerade ball.

• LIBRARY ASSTS.—Front row: Cenora, Higgins, Shaw, Nelson, Malin, Nolen, Bailey, Bickell, Palmer, Leonard, Barr. Second row: Martin, Kuhn, Gartner, Morrison, Askins, Glass, Sullivan, McDonald, Davis, Bruce, Crowe, Chorpenning. Third row: de Jonge, Albertson, Haney, Fendrych, Savstrom.

● VARSITY FOOTBALL—Spirited, determined. underdogs, the Wilson Varsity faced one of the toughest schedules in many years and closed the season without a single league victory. After starting the season by edging out both practice games, Redondo 7-6 and Burrows 16-14, they fell into a slump coming back only to scare El Monte 33-34. The colorful cross-town encounter came out in favor of Poly 33-7. A fast charging line with standouts All-City O'Neil and C.I.F. nomination Leroy Hoffman throwing vicious tackles helped give the Bruins a team to be reckoned with. A fleet, fast moving backfield was composed of Hart, Rafferty, Kruger, and All-City Brogelman.

inspired by new coach bruin five face tough league

• VARSITY BASKETBALL—Under their new coach, Bob Howard, Wilson hoopsters came out sixth in league honors. They won 6 straight games during their practice season. The two top games were a 50-33 trouncing at the hands of Huntington Beach, and knocking off their cross-town rivals, Jordan, to the tune of 56-36. In league play, the Bruin Varsity lost a couple of close games; Whittier beat Wilson 54-49 and Excelsior clipped the Bears in an overtime game by one point, but when they won they really won; Howard's men beat Montebello twice by scores of 53-29 and 63-20. They placed two men on the first string All-City "5," guard Erwin Knorzer and forward Rusty Uhls who were also the two top scorers in the city.

• BEE BASKETBALL—Under the able coaching of Bob Howard, the Bruin B Basketball team went undefeated in their first 15 games this season. They finished high in the league with only four loses. In the All-City tournament, the Brubabes gained victory by downing Poly and Jordan. Forward Dave Geyer was a unanimous choice for the All-League team. Glen Bjorklund, Geyer, and Dick Rountree, were first string All-City.

● VARSITY BASEBALL—In the quarter finals of the C.I.F., Wilson won against Colton in a dramatic finish unknown on the Wilson diamond. Daley knocked a single in the last half of the ninth to score two runs with two outs to enable the Bruins to come from behind to defeat Colton 4-3. With two of the best pitchers in So. Cal. Meyer's great horsehiders are heavy favorites to win the C.I.F. title. At press time, fabulous Frank has 11 wins and 2 losses and has struck out 148 opposing batters; one win was a no hit, no run performance. At press time, Bud Daley has won 10 games and lost none, and struck out 129 batters and pitched 2 no hit, no run performances. The Bruins were paced by consistent hitting of Capt. Highfield, Knorzer, Rountree, Quinn, and the fielding of Jeglum and Walker. The JV team is battling 30 strong for a coveted bid to the '51 Varsity.

● VARSITY GOLF—The Varsity Golf team retained the league championship crown held by Wilson linksters for six straight years. A six man picked squad of Jim Hannah, Jim Coleman, John Tate, Rolland Hawk, Jim Moss, and Bob Nelson went to capture the So. Cal. C.I.F. Championship to add to their laurels this year. In thirty-six holes of medal play the team's total was 34 strokes better than nearest competitor. Mr. Davis, and Pro George Lake, coached them to 16 wins and 1 tie.

● Intramural Football (Left)—Front row: Stewart, McDonald, Mee, Mannex. Second row: Matthews, Clements, Nussbaumer.

• INTRAMURAL SPORTS —In an intramural program designed to give hundreds of boys a chance for fun, physical development and competition, Al Johnson had the athletic field popping with dozens of teams eager to play. Football, basketball, baseball, handball and volleyball, were open to all boys and competition was keen.

• JV TENNIS—Front row: Torres, Clark, Hinrichs, Hastings, Portlock, Cady, Kurkjian, Frazer. Second row: Sphon, Gilliland, Anderson, Purucker, Johnson, Cady, Armstead, Britton, Coach Lindgren. Third row: Moore, Ralston, Gray, Ferrette, Trauger Hindman, Dixon, Lenzer.

• V TENNIS—Front row: Coach Harter, Mohler, Lessler, Witt, Burley, Harned. Second row: Albertsen, Monosmith, Riley, Baynes, Becker, Jackson.

• TENNIS—The Bruin netmen took it on the chin this season as they finished near the cellar of the powerful Pacific League. Although winning all of their practice matches, the hardluck racketeers won only two of their eight league contests. Hopes of recapturing the Burnett Bowl, the All-City title, were raised when fiery Gene Kemp joined the squad after completing his B basketball season. The future of the '51 squad is bright, for JV netters are perched on top of the league.

action-packed suspense fills air as players cheer batter on for home run

• G.A.A.—As 300 girls surge across the field pursuing the ball the challenging sports played from September to June reach their climax. On Tuesday and Thursday nights G.A.A. continues to promote the answer for friendliness, sportsmanship, and competitive spirit among fellow players. The main goal of every girl being a gold plaque signifying top place as outstanding player in certain sport. Volleyball, basketball, speedball, baseball help develop organization, cooperation, self mastery and 100 other skills. The final thrill of every sport is playday, where enthusiastic girls from different schools battle together for their alma mater. Sports! the raging force, stirs victors on to greater glory. Inspired players leave G.A.A. with the thrill of someday combining this with their future life work.

Dear Gwynn —

This has been a very interesting year for me at Wilson. Among those students who have really added to my joy of teaching you have ranked very high. Keep your wonderful enthusiasm for life and people. You certainly know what to say and when to say it — try always to cheer people along life's way with your advice and suggestions. Thanks Gwynn for all your cooperation and may you know all the happiness you deserve.

Sincerely,

G B Moon

Good luck + success
